

# PLANMECA EMERALD™

## Simply Brilliant

Order part number - C15696101

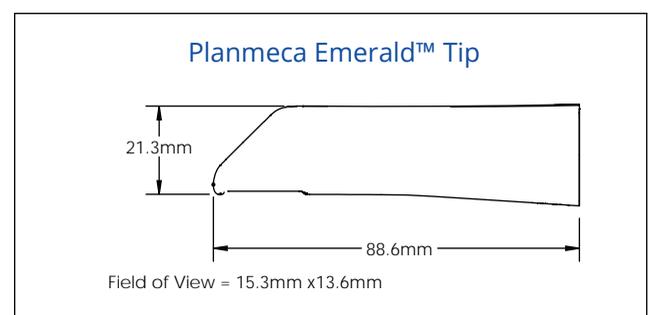

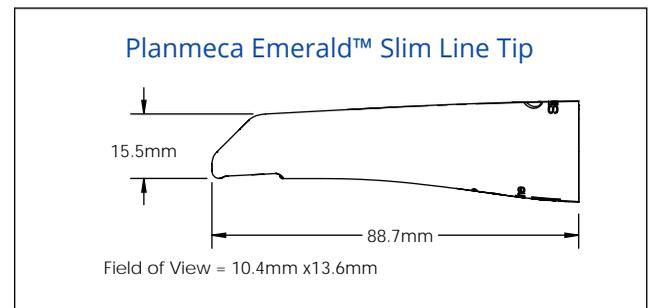

Planmeca Emerald™ scans vibrant, color images ultrafast with you and your patients' comfort in mind. It allows you to place your best foot forward when introducing patients to digital impressions. Make perfect restorations possible with Planmeca Emerald™.

**Superior accuracy and detail with optimal comfort and control.**

# NEW Slim Line Tip!

The Planmeca Emerald™ Slim Line Tip is **27% thinner** than our standard tip. The Planmeca Emerald™ Slim Line Tip features the same hygienic, autoclavable tip and SMART functionality with usage tracking and anti-fog system.

**For your smaller patients, it's a big deal.**

## ADVANTAGES:

- Ideal for patients with smaller mouths or compromised dentition
- Enhanced posterior reach
- Easy capture of interproximal areas

Elevate your patient's experience by providing digital impressions that are accurate and comfortable. Better Care Through Innovation.
